

## Puppy Parties

The first few weeks of your puppy's life is an important stage of its development when it is taking on board all the new experiences it encounters. Some of the most formative weeks occur while your puppy is still unable to go out and about in the big wide world and to attend training classes.

Our puppy parties provide your puppy with an opportunity to meet other young dogs at this stage in a controlled and safe way. You will learn a few tips and some insight into how your puppy perceives the world and how they interact along with some commonsense tips regarding things such as play, exercise and interactions with other dogs.

The puppy parties take place at Churchdown every Monday evening at 7.30 and are free to attend for any puppy up to the age of 14 weeks. Booking is essential as we need to limit the numbers so that everyone has a positive experience.
